### Gary H White - Climate Reality Project

This week we will hear from Gary H White speaking on behalf of the Climate Reality Project. Many of us have seen Al Gore's movie - [An Inconvenient Truth](#), and Gary will be visiting many of the issues raised in the film. This will be a wonderful presentation full of information and we look forward to some interesting dialogue on a complex subject.

### Looking Ahead

Club Committee Chairs should be meeting with the committee members to discuss avenues of service. In the weeks ahead we will share the information that each committee is working on.

Next, mark your calendar for Wednesday April 20th from 5-7 pm when we will be celebrating the club's 70th Anniversary. We will be co-hosting the Redwood City Chamber of Commerce event at BKF that evening. Please let President John McAfee know if you are interested in helping out. The more people who assist in this effort, the better the event and the less each contributor needs to do.
